

A Time for Giving Thanks

The Community Foundation is grateful for the opportunity to help clients who care about making Western New York a better region for all. The needs of our community change over time. The clients listed below have asked the Community Foundation to address those changing needs in their name forever by making an annual contribution in 2016-2017. The Changing Needs designation ensures their gift will always be relevant and allows us to engage the community in co-creating shared solutions.
