How It Works

This endowment was established with \$2.1 million in 1978 through a legacy gift (bequest) to the Community Foundation from a parent in honor of his son, who died tragically as a young man. Today, decades after both father and son have passed on, the initial gift has more than tripled to \$9.1 million, all while giving \$9.6 million in grants to the organizations they cared about. Their fund will continue to honor this family's charitable giving legacy by making grants to their favorite organizations in their name, forever.
