

WILLIAM F. THIEL TRUST 2024 GRANT GENERAL INFORMATION AND SCHEDULE

Background

William Thiel was a long-time philanthropist in the Wyoming County area. His generosity through monetary gifts to the hospital, fire departments, and other community organizations in Wyoming County was well known. He also left a significant legacy to the County through the creation of the William F. Thiel Trust, a fund held by the Community Foundation for Greater Buffalo. The fund document of the William F. Thiel Trust states that distributions

"from this gift shall be used and applied by the Governing Committee of The Buffalo Foundation (now the Board of Directors of the Community Foundation for Greater Buffalo) for the use and benefit of the health requirements of the residents of Wyoming County, New York."

Project Focus

In 2006, the Community Foundation implemented its first strategic plan. As a part of the plan, the foundation made the decision to put a concerted effort behind the Thiel Trust commissioning the first Wyoming County Health Needs Assessment. The assessment surveyed local healthcare experts, governmental agencies, providers, and the general public along with a view of the general trends in national rural healthcare to determine what the highest needs of the county were.

With over 15 years of funding history guided by prior Health Needs Assessments, the Community Foundation recast the Wyoming County Health Needs Assessment in 2023. The 2024 to 2028 Thiel Funding Priorities were chosen utilizing both qualitative and quantitative input. A2 Associates, with guidance and input from Wyoming County healthcare professionals and local residents, created the Wyoming County Health Trends and Impacts Report 2023 that will guide this process through 2028.

This full report is available at www.cfgb.org under the William F. Thiel Grants section of the website. Most pertinent to the process is the 2024 to 2028 Thiel Funding Priorities document. Applicants should review the information in detail to determine if their request fits within the identified interests.
